STOP THE USE OF HOTELS TO HOUSE ASYLUM SEEKERS

- The continued use of hotels to house asylum seekers is impacting Staffordshire's tourism industry
- The Home Office are offering little clarity on when these arrangements will end
- Share your concerns with Gavin and Theo to have your voices heard by the Government

FIGHTING FOR STAFFORDSHIRE

Dear Resident,

You will no doubt be aware of the continued use of hotels to house asylum seekers in Staffordshire and across the country.

As your local Members of Parliament, we have been clear with the Home Office that these arrangements are unacceptable and must end as soon as possible.

We are particularly concerned that the use of the hotels and student accommodation are undermining the crucial role that they play in supporting Staffordshire's tourism industry, and we are working tirelessly at home and in Westminster to ensure that our hotels return to this vital use at the earliest opportunity.

While we do welcome measures the Government have taken to deter illegal migration into the country, we remain concerned by the lack of clarity offered on how long the hotel arrangements will last.

Therefore, we have decided to launch this survey in order to demonstrate the local concern around the use of hotels.

I encourage you all to add your name and share your thoughts with us so that this can be shared with the Government.

Best wishes,

Rt. Hon. Sir Gavin Williamson CBE MP
MP for South Staffordshire

SIR GAVIN WILLIAMSON CBE MP & THEO CLARKE MP'S PETITION: STOP THE USE OF HOTELS TO HOUSE ASYLUM SEEKERS

To the House of Commons,

The petition of residents of the South Staffordshire Districts & Stafford Borough, and others,

Declares that the continued use of hotels and student accommodation to house asylum seekers is negatively impacting on the local area and is unsustainable for both asylum seekers, the local authorities, and local residents.

The petitioners therefore request the House of Commons to urge the Government to end the use of these facilities with immediate effect.

And the petitioners remain, etc.
